PROFESSIONAL SUMMARY

Organized and driven software developer with two years of hands-on experience in full-stack focusing on frontend development. My expertise spans across JavaScript, React, Next.js, Flutter, .NET and SQL. I'm always looking for ways to improve my technical skills and stay up to date with industry best practices.

EDUCATION

B. Sc. in Computer Science

C.H.M. College of Sci., Arts & Commerce (Mumbai University)

April 2023

Ulhasnagar, Maharashtra

WORK EXPERIENCE

Software Developer

TechMasWorld Infotech Pvt. Ltd.

July 2024 – April 2025

Dombivli, Maharashtra

- Led the development of React, Next.js-based web apps, significantly improving UX and streamlining workflows.
- Built mobile apps with Flutter, ensuring smooth and consistent performance for multiple different projects.
- Worked closely with backend team to integrate Node.js APIs and ensure seamless data flow in React & Flutter.
- Integrated third-party APIs like Google Maps API, RazorPay, etc.

Junior Software Developer

Eunoia Softtech

Dec 2023 – June 2024

Remote

- Developed and enhanced .NET MVC applications, focusing on optimizing workflows through thoughtful software solutions.
- Implemented efficient SQL stored procedures for fast data retrieval and management.
- Collaborated with senior developers to implement features such as dynamic content updates and data retrieval.

Junior Software Developer

Eunoia Softtech

May 2023 – Sept 2023

Remote

- Contributed to live .NET MVC project, focusing on both frontend and backend integration.
- Built interactive data presentation features like tables, charts, and Excel exports, using AJAX to enhance responsiveness.

PROJECTS

sneakyC (E-Commerce) | Node.js, React.js, MongoDB, Express.js | [github](#)

June 2025 – Aug 2025

- Created user-friendly UI/UX designs in Figma, turning ideas into clean, responsive interfaces that are easy to use and accessible.
- Built the backend with Node.js and Express, designing a REST API connected to MongoDB to handle data smoothly and support scalable operations.
- Developed the frontend using React.js and TypeScript, focusing on reusable components and smart state management to deliver a seamless user experience.
- Used Tailwind CSS to style the entire app, making sure it looks great and works well across both desktop and mobile devices.

TECHNICAL SKILLS

Languages | JavaScript, Python, C#, dart

Frameworks | .NET MVC, React.js, Flutter, Node.js, Next.js

Developer Tools | Visual Studio, SSMS, MongoDB, Postman, git, Android Studio, VS Code, Vim & Linux

Libraries | Tailwind CSS, Bootstrap, jQuery, Redux, jQuery
